Part 2: SEO & Keyword Research

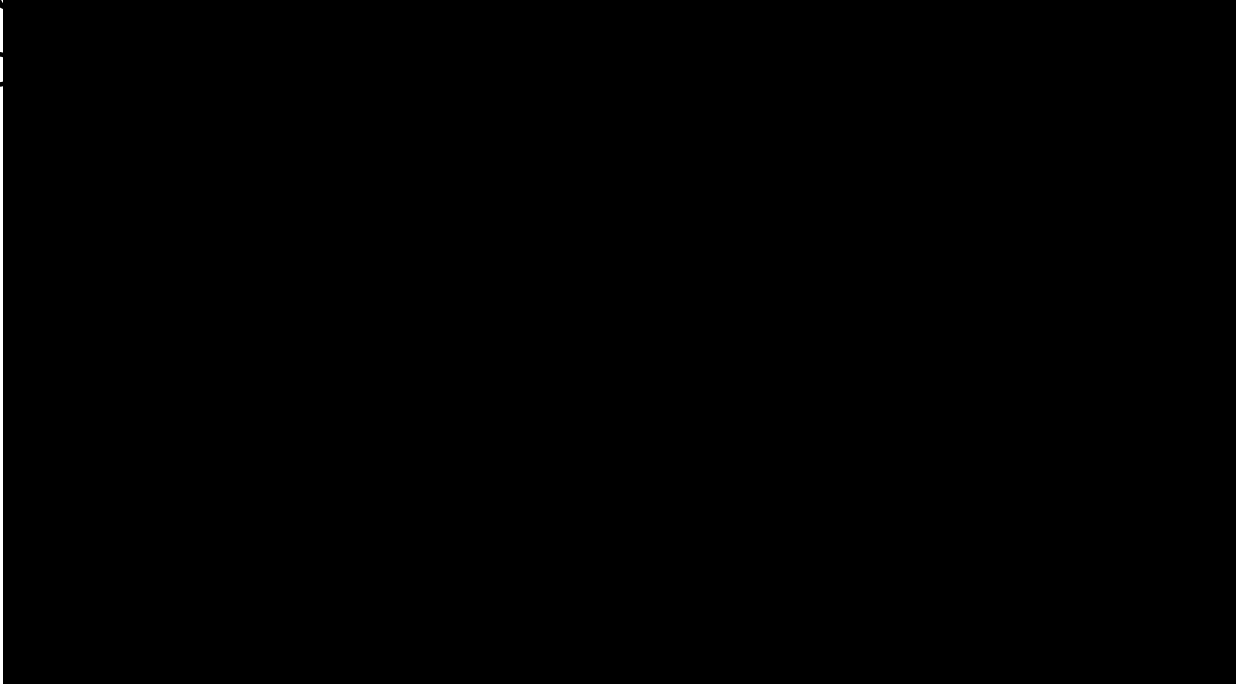

SEO Audit:

An SEO audit is a comprehensive evaluation of a website's search engine optimization (SEO) performance and overall health. The main purpose of an SEO audit is to identify areas of improvement and uncover issues that may be hindering the website's ability to rank well in search engine results. The SEO audit for lakme is as follows:

Recommendations		
Toggle: Performance Usability On-Page SEO Links Social Other Improvements		
Optimize for Core Web Vitals	Usability	Medium Priority
Reduce length of title tag (to between 10 and 70 characters)	On-Page SEO	Medium Priority
Shorten meta description (to between 70 and 160 characters)	On-Page SEO	Medium Priority
Remove Duplicate H1 Tags	On-Page SEO	Medium Priority
Optimize your page for Mobile PageSpeed Insights	Usability	Low Priority
Optimize your page for Desktop PageSpeed Insights	Usability	Low Priority
Update Link URLs to be more human and Search Engine readable	Links	Low Priority
Add Alt attributes to all images	On-Page SEO	Low Priority

Rankings of keywords:

Keyword rankings refer to the positions that specific keywords or key phrases hold in the search engine results pages (serps) when users search for those terms. the keyword

We have created the screen recording of SEO Audit of Lakme and the link is provided below:

We have conducted a keyword research of our project Lakme in google keyword planner.

Google keyword planner conducted a survey and listed some keywords and the screenshot is provided above

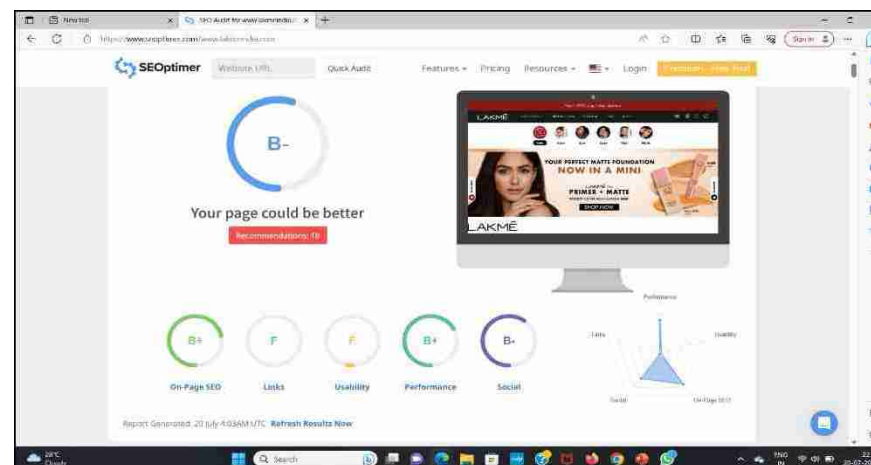

It displayed Lakme as a top keyword. And 2nd place was captured by Lakme lipstick and Lakme cream

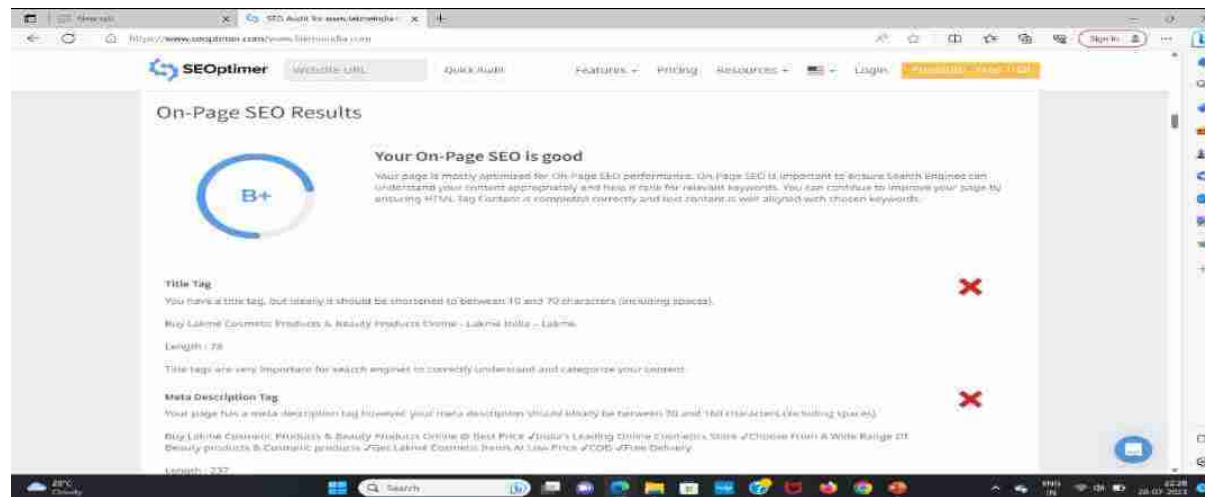

It's essential to conduct compressive keyword research tools like google keyword planner or other SEO tools to identify the most relevant and high traffic keywords for the specific purpose of your content or marketing strategy

Additionally, you can explore long-tail keywords related to lakme to target niche audiences and improve search engine rankings

Part 2: SEO & Keyword Research

On page Optimization: On-page optimization, also known as on-page SEO (Search Engine Optimization), refers to the process of optimizing various elements on a website's individual pages to improve its visibility and ranking in search engine results. The primary goal of on-page optimization is to make the webpage more appealing and relevant to both users and search engines. The on-page optimization of Lakme is as follows

Above screenshot tells us that the title tag and meta description tag are not proper. It suggests us that the title tag should be of length of minimum 10 characters to a maximum length of 70. But title tag is of 78 characters.

Apart of title tag meta description tag also can have a minimum length of 70 characters to a maximum length of 160 but www.lakmeindia.com has a character length of 237. In order to make the page or website better we have to change the character length to the character limit so that the page can be top in search rankings.

Part 3: Content Ideas and Marketing Strategies

Content Idea Generation & Strategy:

Date	Content Theme	Content Format	Platform	Strategy & Aim
17-07-2023	About Lakme	Video	Facebook	To market Lakme products worldwide

22-07-2023	Lakme Quiz	Interactive Quiz	Instagram	Engage audience with interactive quiz
23-07-2023	Struggles of Lakme	Video	Facebook	To show the struggles faced by Lakme organization

Part 3: Content Ideas and Marketing Strategies

Challenges:

1. **Content Saturation:** With the abundance of content available online, breaking through the noise and capturing the audience's attention becomes increasingly challenging. Creating unique, valuable, and engaging content is vital to stand out.
2. **Audience Segmentation:** Understanding and catering to diverse audience segments with different interests, preferences, and behaviors can be demanding. Marketers must develop content strategies that resonate with specific target groups.
3. **Content Relevance:** Ensuring that content remains relevant to the audience over time is essential. Content can quickly become outdated or lose its impact if not regularly updated or adapted to current trends.

4. Intense competition: The beauty and cosmetics industry is highly competitive, with numerous brands vying for the attention of consumers. Lakme faces stiff competition from both domestic and international beauty brands, making it crucial for them to continuously innovate and stay ahead of the game.

5. Market saturation: The market might be saturated with various beauty products and brands, making it challenging for Lakmé to create a unique identity and stand out from the competition.

6. Changing consumer preferences: Consumer preferences in the beauty industry can change rapidly, influenced by trends, social media, and influencers. Lakme needs to keep a pulse on these trends and adapt its marketing strategies accordingly.

7. Pricing strategy: Setting the right price point for products is essential. Lakme needs to strike a balance between affordability and maintaining a perception of high-quality products.

Part 4: Content Creation and Curation (Post creations, Designs/Video Editing, Ad Campaigns over Social Media and Email Ideation and Creation)

Part 4: Content Creation and Curation (Post creations, Designs/Video Editing, Ad Campaigns over Social Media and Email Ideation and Creation)

Challenges Faced :

Maintaining Originality: Creating original content can be difficult, especially when there is an abundance of existing information on the internet. Plagiarism is a serious concern and can damage the reputation of the content creator. Striking a balance between providing valuable insights and maintaining originality is a constant challenge.

Time Constraints: Content creation and curation can be time-consuming, particularly if it involves in-depth research, fact-checking, and editing. Consistently producing high-quality content within tight deadlines can be demanding.

Quality Control: Ensuring the accuracy, grammar, and overall quality of the content is vital. Content with errors or inconsistencies can harm credibility and drive away the audience.

Content Overload: With a vast amount of content available online, it's challenging to stand out amidst the noise. Creating something that captures the audience's attention and offers unique value becomes more difficult as the competition increases.

Audience Relevance: Understanding the target audience and tailoring content to meet their needs is crucial for success. Creating content that resonates with the intended audience requires continuous research and adaptation.

Copyright and legal issues: When curating content from various sources, it's essential to respect copyright laws and obtain necessary permissions. Failure to do so can lead to legal complications and reputational damage.

Finding reliable sources: Curating content involves gathering information from various sources. Verifying the credibility and reliability of these sources is critical to ensure the content's accuracy and integrity.

Keeping up with trends: Online trends and interests can change rapidly. Content creators and curators need to stay up-to-date with the latest developments to remain relevant and engaging.

Content distribution: Even with excellent content, reaching the target audience can be challenging. Understanding various distribution channels, search engine optimization (SEO), and social media strategies is necessary to maximize content visibility.

Measuring performance: Assessing the success of content creation and curation efforts requires tracking and analyzing relevant metrics. determining which metrics to focus on and how to improve based on the data can be a complex task

Dealing with negative feedback: Content creators may face criticism and negative feedback. managing this feedback constructively and learning from it without being disheartened is essential for growth.

Balancing quantity and quality: Striving to produce a high volume of content may lead to a compromise on quality. Finding the right balance between quantity and quality is a constant challenge. Overcoming these challenges requires adaptability, continuous learning, and a strong focus on the needs and preferences of the target audience. it's crucial to stay creative, receptive to feedback, and committed to refining content creation and curation processes over time.
